

CAREERS VILLAGE

Australian Cyber Conference Melbourne 2023

Presented by

Supported by

Join us at the AISA Cyber Security Careers Village for a unique and immersive event tailored for aspiring and experienced cyber security professionals.

Throughout three dynamic days, you'll experience diverse sessions, including inspiring "What Is" presentations on areas such as Application Security, Penetration Testing/Red Teaming, Governance, Risk, and Compliance (GRC), and more. Engage in discussions with seasoned CISOs, participate in industry trend talks, and gain valuable insights from our Women in Cyber Security, Neurodiversity and International student panels.

One of the event's standout features is the personalised one-on-one career guidance and resume review sessions. These sessions are led by industry experts, providing invaluable advice and networking opportunities to advance your cyber security journey. Whether you're looking to break into the industry or enhance your career, these practical workshops will equip you with the skills and knowledge to thrive in cyber security.

Don't miss this exceptional opportunity to connect, learn, and grow in cyber security.
